

## MEDSCHEME letter to healthcare providers

Dear Healthcare Provider

### **Changes to Participating Schemes – Medscheme Network Agreements Incorporating Bonitas Medical Fund (“Bonitas”)**

Thank you for your continued participation in the Medscheme Network Agreements (“the Agreements”).

Please be advised that, effective **1 June 2026**, Bonitas will no longer participate under the Agreements. As a result, all services and rates relating to Bonitas under the Agreements will terminate on **31 May 2026**.

Please note that, notwithstanding this termination, the Agreements and the arrangements pertaining to the medical schemes that remain under Medscheme’s administration (“the Participating Schemes”) will continue in full force and effect.

This communication serves as a formal notice that Medscheme will be updating the list of Participating Schemes. Accordingly, providers will be required to sign updated documents (two-page summary), which will be shared in due course, to remove all Bonitas-related information from the Agreements.

For any queries regarding services rendered to Bonitas members **after 31 May 2026**, please contact Bonitas directly for guidance on their processes and requirements from **1 June 2026** onward.

Thank you for your attention to this matter.

Kind regards
